

RA 1991

RESOLUTION ON KERUV PROGRAMMING

Whereas Keruv is an important priority for our Movement and for the Jewish community as a whole, and

Whereas our Movement supports programs aimed at teen-agers and adults to encourage them to date and marry Jews,

Therefore Be It Resolved

1. that all arms of our Movement approve Keruv as a programmatic priority by resolution and through action;

2. that Keruv Committees be established on congregational, regional and national levels;

3. that educational and training programs be established on all levels to help synagogue professionals and lay leaders learn how to interact constructively and creatively with interfaith couples.
